

Fiddler's Creek, Naples

Bricks and mortar are just the beginning of what separates Fiddler's Creek from the world outside. The community takes you back to a Naples of a simpler time, where craftsmanship, congeniality and respect for one's surroundings still meant something. Today, that spirit lives on at Fiddler's Creek.

Nearly 4,000 acres, of which less than one-third will be developed for residential use, with the remainder of the land dedicated primarily to nature preserves, lakes, parks, golf courses and recreational areas.

The Club & Spa at Fiddler's Creek®, an award-winning facility with fitness, spa services, tennis, aquatics, dining and a full complement of social activities.
