Golf Course

Water is in play on many holes, at least from the longer tees. Lakes and trees are home to a spectacular array of wildlife including Alligators, Osprey, Pelicans, Moorhens, Anhingas, Turtles, Herons, Egrets, Ibis, Eagles and more.

There are two nines, separated by a lightly traveled road. With no "long trips to grandmother's house" between holes, walking permitted after 4 pm.

An automated lightning detection and alarm system declares the course closed (one long blast) when lightning is detected within five miles. The course is declared reopened (series of short blasts) when a suitable period has passed with no lightning strikes within five miles.

A high-speed Emergency Cart can quickly respond to anywhere on the golf course with first aid supplies and a defibrillator.

Wondering if you can play Kelly Greens? There are six sets of tees and each closer set generally shortens the carry on the tee shot or eliminates the carry altogether. Yes, golfers of all abilities can play and enjoy Kelly Greens.

During season (November through April) Kelly Greens uses a crossover tee time system. Tee times are assigned from 7:00am to 9:00am on Hole#1 and Hole#10. No tee times are assigned after 9:00am and until 11:30am. Again, they are assigned on both nines until 1:30pm.

Tennis is really BIG at Kelly Greens!!!

This was not always the case. When the community was first established, two hard courts each were available at several condo associations for the use of their members and guests, and three hard courts were available to the entire community at the clubhouse.

Tennis languished due to lack of interest, few players, and not wanting to play on hard courts. As in most progressive communities, Kelly Greens has a Long Range Planning Committee. In the late nineties, they began to formulate a plan to renovate the golf course and clubhouse. The tennis community requested four Har Tru Hydrogrid courts to replace the three hard surface ones at the clubhouse. When they were told that no one used the courts we had, they said "build them and they will come".

Well, they built four gems and the players did come, and today Kelly Greens boast of five women's and three mens league teams. The Pro conducts weekly clinics both for the teams, those interested in learning the game, or just improving. During "Season", a monthly social is held where the attendees enjoy a round-robin, food and drinks. Weekly drop-ins for men, women, and mixed doubles are available. The schedules, together with sign-up sheets, are located on the wall of the fitness center adjacent to the courts.
