

The Villages at Monterey

This Community is like a small village. It has a variety beautiful single family homes, plus, detached and attached villas. Many Monterey homes, whether single-family or villa, are directly on one of the lakes. All feature lovely views of the surrounding nature and a great deal of privacy. Monterey's Community Center is an ideal gathering and activity spot with a clubhouse, Olympic sized pool, Har-Tru tennis courts, a billiards room, exercise room, kitchen and lending library. Entertainment and banquet rooms are also available for resident's use.

The streets are friendly to all with underground utilities, sidewalks, streetlights, bike and jogging paths. Choose your desire and you can find it at the Villages of Monterey. Monterey is a guard gated and secured Community.

Centrally located within North Naples, the Villages of Monterey boast excellent proximity to major commercial centers for shopping and dining, yet succeed in maintaining an out-of-the-way, country-quiet ambience. Follow Pine Ridge Road to all points east and west – including the beautiful beaches of the Gulf of Mexico and the convenient thoroughfare of I-75.
